|----------------------|--|
| Manufacturer: | Digi International Inc |
| Package/Case: | DIP |
| Product Type: | Embedded Processors & Controllers |
| RoHS: | RoHS Compliant/Lead free  |
| Lifecycle: | Active |

General Description

Key Features

- Secure 802.11b/g/n Wi-Fi support
- Integrated 10/100Mbit Ethernet interface
- Support for Digi embedded Digi NET+OS
- Industrial operating temperature system-on-module
- RJ-45 form factor compatible with Digi connect ME
- On-chip hardware encryption engine
- Extended set of on-chip interfaces and signals
- Power management modes
- Low emission design (FCC Class B)
- Seamless migration to NET+ARM chip design
