

## I/O Controller LPC Controller 128-Pin PQFP

Images are for reference only

[Inquiry](#)

**Manufacturer:** [Nuvoton Technology Corporation](#)

**Package/Case:** QFP128

**Product Type:** Discrete Semiconductor Modules

**Lifecycle:** Obsolete

## General Description

### Key Features

#### General

Meet LPC Spec. 1.1

Support LDRQ#(LPC DMA), SERIRQ (serial IRQ)

Compliant with Microsoft PC98/PC2001 Hardware Design Guide

Support DPM (Device Power Management), ACPI

Programmable configuration settings

Single 24 or 48 MHz clock input
