[Inquiry](#)

Manufacturer: [Power Integrations, Inc](#)

Package/Case: TO-220

Product Type: Power Management ICs

RoHS: RoHS Compliant/Lead free 

Lifecycle: NRND

General Description**Key Features**

Output power of 65W at 230VAC and 45W at 85VAC to 265VAC in open frame design

Output power of 30W at 230VAC and 20W at 85VAC to 265VAC in non ventilated enclosed adapter

Extended power range for higher power applications

Wider duty cycle for more power, smaller input capacitor

Regulates to zero load without dummy loading

132KHz frequency reduces transformer/power supply size

Hysteretic thermal shutdown for automatic fault recovery

Large thermal hysteresis prevents PC board overheating

Switching frequency of 132KHz (frequency pin connected to source) and 66KHz (connected to control)

Operating junction temperature range from -40°C to 150°C
