## General Description

### Key Features

Decoder I/Cs with 18pin PDIP package

Highly secure Keeloq protocol

In stand alone operation, RF600D has the capability to learn up to 7 unique RF600E transmitters

Each RF600D+EEPROM combination can learn up to 48 unique transmitter/encoders

Asynchronous serial interface

4 digital outputs(15 States)

The digital outputs may be configured as latching or momentary action

Unprecedented level of security , prevents copying or grabbing whist

Compatible with RF Solutions systems

### Application

RF Communications, Automotive, Consumer Electronics
